Team 2: Alba, Natasha, Pablo, Mirna

A fan follows you when you are walking on the street.

WalkingFan

Never Walk Alone–Walk Cool.

WalkingFan

Autonomous drone follows you without charging.

Fresh air and water

The drone is bilingual and can understand differents voice patterns.

WalkingFan was created for people who enjoy walking, exercising, traveling, or spending time outdoors.

It is more convenient than a traditional handheld fan because users do not have to carry it.

Team 3: Esther, Sofia, Nga, Linci, Aya, Manuela

WAG WASH

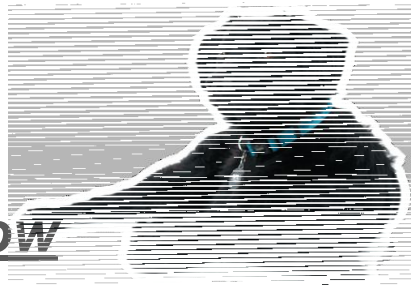

About the Product

This machine was created for pet lovers who want a convenient and easier way to keep their pets clean and stress-free.

- It is inspired by an automated car wash service.
- It is used to save time and money while you clean your pets.
- The cleaning products are organic and benefit the care of the pets´skin and coat.

Slogan

Slogan: ***Clean Today. Wag Tomorrow***
