

The New California Adult Education Website Has Launched!

Posted on 06/06/2018

The new AEBG website has just launched with a whole new look and feel that is easy to navigate. The site address is www.CalAdultEd.org.

The new site has been developed with resources and information specifically for students, educators, and AEBG administrators. Content from the existing website has been migrated to the new site and categorized in an efficient manner. The "Find A School" locator allows seekers to easily locate information for all adult schools and community colleges in the state of California.

The new site will be a hub for showcasing all of the wonderful work AEBG consortia are doing on a local level. The AEBG TAP (Technical Assistance Project) will be conducting a live demonstration to show the field how to easily access all of the cool new features and information. This online demonstration is scheduled on Wednesday, June 13 from 12:00 to 1:00. To register for this webinar, please visit the AEBG website at <https://register.aebg.org/index.cfm?fuseaction=detail&id=227>.
