Please join us for OTAN's next Tech Talk on Friday, September 14 from 1-2. This month's Tech Talk is on Evaluating Websites by Sachiko Oates, ESL Faculty Liaison at the Santa Barbara City College School of Extended Learning. Do your students find information or do research online? Why is it important for students to evaluate the information they find on the web? This OTAN Tech Talk will discuss how adult educators can teach their students the skills needed to evaluate websites as well as information found online. After the presentation, time for Q&A will be provided. A lesson plan will also be shared with those who attend this webinar. You can sign up at <https://www.caadultedtraining.org/otan-tech-talks-2249-10-tr>
