

## OTAN Webinar on the XPRIZE App Learning Upgrade Coming Up!

Posted on 05/10/2019

The Adult Literacy XPRIZE Communities Competition challenges communities and organizations across the country to empower adults with low literacy skills to download and use a free, effective, convenient, and private mobile learning tool. XPRIZE will provide the educational apps – you just have to get them into the hands of learners.

Find out how to enroll your learners into the XPRIZE winning app Learning Upgrade at no cost with an XPRIZE code! With Learning Upgrade, your learners will have access to 21 courses, including English, math, and GED/HiSET prep. If you sign up for a tracking account, you can track the progress of each learner with detailed assessment and progress reports. Join us for details and then get ready for your app onboarding party!

This is a 2-part webinar series.

- Part 1 will show you how to onboard your learners and get started. Part 1 is scheduled for Tuesday, May 14 from 2:00 to 3:00. You can register for this OTAN webinar at [the California Adult Education Professional Development website](#) 
- Part 2 will address how to track student progress, view reports, and manage a class. Part 2 is scheduled for Tuesday, May 28 from 2:00 to 3:00. You can register for this OTAN webinar at [the California Adult Education Professional Development website](#) 

If you have any questions or need further assistance, please contact OTAN at [support@otan.us](mailto:support@otan.us)  or call our office at 916-228-2580.
