OTAN YouTube Channel

OTAN has long utilized video to provide information and training and highlight important events in adult education. Moving forward, we hope to provide even more timely information for the field through video posted on our **OTAN YouTube Channel @ otanservesadulteducation**. Please consider subscribing to our channel to stay connected to the latest OTAN developments. You can also connect to our channel (and all our social media sites) from the OTAN website at **OTAN.us**. Click on the **Stay Connected** Menu on the top of the OTAN.us website and select **Social Media**, or look for the social media icons on the bottom footer of the homepage.

Current highlights on our YouTube channel include:

- **Digital Leadership Academy (DLAC)** - Midterm reports by each of the seven teams in the current Digital Leadership Academy cohort, and the final reports by each of the eight teams who participated in the 2016-2018 cohort.
- **OTAN Tech Talks** - Recordings of our monthly OTAN Tech Talks - recent webinar topics include Quizlet, free adult education apps, blended learning, and LinkedIn for adult educators.
- **Technology and Distance Learning Symposium (TDLS)** - Presentations from our annual Technology and Distance Learning Symposium, including digital citizenship for adult ed, tech for 243 EL Civics COAPPs, using video for skills integration, and Chromebooks for beginning ESL students.
- **Projects and Topics** - Spotlight on our Teaching with Technology tool and other tech integration topics, such as using ePortfolios.
- **Special Online Workshops** that we produce and information on **setting SMART goals**.

Subscribe to our YouTube channel and stay connected to OTAN! We will also let you know about new content on our channel via Twitter and Facebook. We look forward to providing you exciting ed tech content throughout the school year!
